

## REACH Declaration

The company AcQ International B.V. is a manufacturer of electronic products, thus, in the sense of REACH we are so called “downstream-users”. The products we supply to you are solely non-chemical products (goods). Moreover, and under normal and reasonably foreseeable circumstances of application, the products (goods) supplied to you shall not release any substance. For this reason, AcQ International B.V. is neither obliged to the registration nor the creation of material safety data sheet (MSDS).

Furthermore, we will immediately inform you in correspondence to REACH – article 33 if any substance of content (as from a content of 0.1%) in our goods will be classified alarming by the European Agency for Chemicals ECHA. Based on the current status we do not expect such an incidence.
